BICYCLE ADVISORY & SAFETY COMMITTEE

The Huntsville Bicycle Advisory and Safety Committee (BASC) provides knowledge about cycling to advance education, enable planning, encourage cycling, and develop safe transportation facilities in the Huntsville area. It is made up of cyclists and COH staff that meet monthly to discuss non-motorized transportation to generate public awareness and support for this initiative.

Join us at our monthly meetings. For meeting date and location, follow our [BASC Facebook Page Events](#)

For more information about BASC, contact hsvbasc256@gmail.com and check-out hsvbasc.com
